Integrity and Ethics form the foundational pillars of a nation and national development takes place when individuals and organisations are committed to integrity as a core value. Combating corruption is not just a matter of making laws and creating institutions, but is deeply rooted in human values and morals of individuals. Cultivating ethical values is essential for building a New India.

Vigilance Awareness Week is being observed in IACS from 28th October to 2nd November, 2019 with the theme “Integrity – A way of life”. On this occasion, IACS promotes awareness of the ill-effect of corruption amongst the citizens of India.

Integrity Pledge for Citizens

I believe that corruption has been one of the major obstacles to economic, political and social progress of our country. I believe that all stakeholders such as Government, citizens and private sector need to work together to eradicate corruption.

I realise that every citizen should be vigilant and commit to highest standards of honesty and integrity at all times and support the fight against corruption.

I, therefore, pledge:

- ✓ To follow probity and rule of law in all walks of life;
- ✓ To neither take nor offer bribe;
- ✓ To perform all tasks in an honest and transparent manner;
- ✓ To act in public interest;
- ✓ To lead by example exhibiting integrity in personal behaviour;
- ✓ To report any incident of corruption to the appropriate agency.
