Colloquium

Org. by

Theoretical Physics Department

Title:	General Relativity after 100 years: a matter of perspective
Speaker:	Naresh Dadhich, IUCAA, Pune
Date:	February 14, 2017 (Tuesday)
Time:	12:00 noon
Venue:	Theoretical Physics Seminar Room (R/No.-C406), 3rd Floor, Centenary Building, IACS
Abstract:	This is the centenary year of general relativity, it is therefore natural to reflect on what perspective we have evolved in 100 years. I wish to share here a novel perspective, and the insights and directions that ensue from it.

All are cordially invited to attend the seminar
