Title:	SUSY at the LHC: what has been done and what needs to be done
Speaker:	Amitava Datta, Dept. of Theoretical Physics, IACS, Kolkata
Date:	June 28, 2017 (Wednesday)
Time:	03:00 p.m.
Venue:	Theoretical Physics Seminar Room (R/No.-C406), 3rd Floor, Centenary Building, IACS
Abstract:	We shall review with examples some limitations of the interpretations of the results of SUSY searches at the LHC and discuss how these limitations can be removed by invoking new analyses.

All are cordially invited to attend the seminar
