

One day Symposium in Chemical Sciences

Organised by

Chemical Research Society of India (CRSI) Kolkata Chapter
& School of Applied and Interdisciplinary Sciences, IACS, Kolkata
Venue: Indian Association for the Cultivation of Science (IACS), Kolkata

Date: 4th June, 2022

The Chemical Research Society of India (CRSI) was established in 1999 as part of the 50th anniversary celebrations of the country's independence. The main objectives of the CRSI are to recognize and foster talent in Chemical Sciences and to improve the quality of Chemical Education at all levels. This symposium aims at connecting scientists working in various fields of Chemical Sciences in Kolkata and neighbouring areas. One of the major objectives of this meeting is to connect the enthusiastic scientists and students from various colleges, universities and research institutes of nearby areas to come together, share their recent scientific activity and exchange ideas. The symposium will cover important contemporary topics in Chemical Sciences and allied research areas. Faculty members, scientist and research scholars working in Chemistry and related fields are cordially invited to participate in this meeting.

Renowned scientists from different universities and research institutes in and around Kolkata will deliver talks on the recent developments in their respective areas of research. In addition to the Invited Lectures, the day-long program (10.00 AM to 6.00 PM) includes a vibrant poster presentation session. Students and research associates working in Chemical Sciences and related interdisciplinary areas are invited to present a poster in this symposium and showcase their recent exciting research findings. For logistic reasons, maximum of about 75 posters may be accepted. Top 5-10 % posters will be recognized for the best poster award. Registration information provided in the next page.
