

## **Corrigendum-1**

**NIT No.:**IACS/SCS/SA/21-22/124

**Dated:**01/02/2022

### **Technical Specification for high-end physical memory based standalone servers**

| <b>Features</b>   | <b>Specification</b>                                    |
|-------------------|---------------------------------------------------------|
| Processor         | <b>2 x CLX 4216 2P 16C/32T 2.1G 22M (or Equivalent)</b> |
| Chipset           | Intel C621 Chipset                                      |
| RAM               | 256 GB DDR4 2933 MHz, Max 16 DIMM slots                 |
| Drive Controllers | SATA3 (6Gbps); RAID 0, 1, 5, 10                         |
| Graphics          | Integrated                                              |
| HDD               | 2 TB SATA Ent HDD                                       |
| Ports             | 4 USB 3.0 ports                                         |
| Power Supply      | 1200W high-efficiency power supply                      |
| Chasis            | Tower                                                   |
| Input             | USB Keyboard and Optical Mouse                          |
